# Te Kāhui Hauora o Te Tauihu IMPB

Hauora Māori Providers Hui - The future of Hauora in Te Tauihu

High-Level Playback Document

22 Hōngongoi | July 2024

*Mā te rongo ka mōhio,
mā te mōhio ka mārama,
mā te mārama ka matau,
mā te matau ka ora"*

From listening comes knowledge, from knowledge comes understanding,
from understanding comes wisdom,
from wisdom comes wellbeing

🌀 Te kaupapa ō te rā

Purpose: To provide clarity of the role of Te Kāhui Hauora o Te Tauihu IMPB (Te Kāhui) in supporting Hauora Māori service providers within Te Tauihu, **fostering trust** in Te Kāhui Hauora o Te Tauihu Iwi Māori Partnership Board, leadership and operations during times of uncertainty.

Objectives of the day:

- Foster connections.
- Gain a comprehensive understanding of the current state of hauora (inequities) in Aotearoa and Te Tauihu rohe.
- Clarify the roles of Te Kāhui Hauora o Te Tauihu and Te Whatu Ora in supporting hauora Māori.
- Gather feedback on stakeholders' expectations for the sector.
- Provide an opportunity for stakeholders to contribute to shaping the design of hauora in Te Tauihu.

Hui attendance

A total of **58** participants and **7** facilitators attended the hui. Below is a breakdown of the participating organisations across Te Tauihu and within the community, including whānau and user voice.

- Rise x2
- Hawaiki Kura x2
- Health Action Trust x3
- Te Piki Oranga x8
- Waikawa Marae x2
- Marlborough District Council x1
- Te Whatu Ora x7
- Rangitāne x1

- Manu Ora x2
- Te Ātiawa x4
- Te Korowai Trust x1
- Ngāti Kuia x1
- Hāuora Māori services x1
- Nelson Bays PH x3
- Ngāti Koata x1
- Ngāti Rārua x2
- Te Kāhui Hauora o Te Tauihu IMPB x7
- Whānau (including users of the system) x5

Putting it all together - a design think session

In our six groups, we first identified a key hauora priority for Te Tauihu during the ideate phase. Next, in the design phase, we brainstormed potential intervention approaches to address this priority. Finally, in the test phase, we developed impact measures to monitor and evaluate the effectiveness of the intervention.

The following high-level themes across the ideate, design, and test phases were identified:

Ideate- Identifying key hauora priorities	Design - Developing intervention approaches	Test - Monitoring/testing the intervention approaches
How might we **improve collaborative, cohesive, and navigational services (CCNS) in Te Tauihu?** How might we **improve access to quality ora services in Te Tauihu?** How might we **activate a te ao Māori system in Te Tauihu?** How might we **improve preventative services focused on mental health in Te Tauihu?** How might we **improve service options in Te Tauihu?** How might we **improve locality access that is sustainable?**	● Financial barriers and Funding. ● Resource Management and Accessibility. ● Workforce Development and Training. ● Collaborative and Integrated Service Models. ● Community and whānau Engagement. ● Inspiring whānau to diversify and use traditional practices such as Mātauranga Māori and Rongoā Māori. ● Cultural Responsiveness and Equity. ● Preventative and Health Promotion. ● System Redesign and Improvement. ● Local Leadership and Empowerment. ● Accountability and Transparency.	**Health Outcomes:** ● Improvement in life expectancy. ● Decrease in whānau turning up in Emergency Departments (ED). ● Ash rates disparity decreasing ● Te Tauihu surpasses equity at life indicators **Healthcare Access and Utilisation:** ● More whānau turning up for appointments. ● Wait lists empty. ● Resources and Data. **Community Engagement and Feedback:** ● Surveys capturing whānau voice. ● Productive engagement. ● Built by whānau. **Quality of Life:** ● Extensive workplace ● Health and Safety guidelines ● Attitudes and Perceptions

Reflections - What we heard from participants

The horizontal axis represents the community focus areas we have gathered from our conversations and feedback, while the vertical axis indicates the domains where the IMPB possess the influence to drive progress. This helps visualise how our priorities align with our capabilities to create impactful changes.

	Monitoring	**Partner**	**Advocate**
Whānau	*"Think 20,30,or even 50 years in the future, what is good for our mokopuna"*	*Be connected to the people around you, because they are your **community**, they are your **whānau**"*	*"Talk to whānau, not for them, talk with them"*
Community	*"I have to be **mentally strong** and **mentally focused**...its your job to sort out stuff"*	*"Cohesive, collaborative, navigation services"*	*"We have enough whānau sitting in this room to make change for our mokopuna"*
System	*"From Whakamā to Whakamana through Rongoā"*	*"We are building a system, that we are breaking apart"*	*"Equitable services is not our goal, great health outcomes is our aim, it's unacceptable to continue as we are"*

Next steps…

- Send out playback report to all participants (including upload on website)
- Conduct additional engagement hui with stakeholders
- Develop a community hauora priorities report that expands on the six chosen priorities
- Collectively determine the role of Te Kāhui Hauora in progressing the priorities
- Identify key roles and cadences regarding who is responsible for progressing deliverables

"Hāpaitia te ara tika kia pūmau ai te rangatiratanga mō ngā uri whakatipu"

Foster the pathway of knowledge to strengthen, independence and growth for future generations

*We all have a role to play - how can we motivate everyone to **work together for our mokopuna and future generations** to come?*

Te Kāhui Hauora o Te Tauihu IMPB

Ngā mihi nui
